ALL DAY DINING

craster

About Craster

Craster's mission is to create beautiful, intelligently-designed products that surprise and delight, enabling hotels, restaurants, and event spaces to deliver exceptional customer experiences.

With current industry trends moving away from room service due to costs and changing tastes, many hotels are moving toward Grab-and-Go and All-Day-Dining concepts.

The Flow and Tilt ranges are a perfect fit for this new market, as you can easily curate different looks throughout the day with just a small number of accessories.

Drinks Service

With its elegant curves and simple, functional features, the ice-free Tilt Juice Dispenser is a perfect addition to any group setting, quenching guests' thirst with a seamless serving experience.

The innovative ice-free cooling system keeps 8 litres of liquid (2.1 Gallons) cool for up to 4 hours, ensuring seamless service across safely-timed guest visits, with an intelligently-designed drip tray locating easily onto the Tilt frame for enhanced stability and reduced spills.

Hand blown from soda lime glass, our carafes feature a tapered neck with angled top for pouring. Ideal for serving water or juices, the carafe can be used alone or combined with Flow Carafe Risers or Flow 2.4 Carafe Plinths to create a unique display for groups or alone for in-room or at-table dining.
